.....

EDUCATION PROJECTS

by [Rashtriya Sewa Bharati](#)

Rashtriya Sewa Bharati has numerous hostels for the economically underprivileged children across the country, especially the tribal and the rural poor. The organization reports over ten thousand educational projects in India, including hostels for boys and girls, primary education centers in rural areas and in slums, adult and informal education centers for street children and single teacher schools in the remote places of the country. It also helps students from the remote tribal areas to enroll in schools in different parts of the country and sponsors all their educational and other needs. It conducts camps for children that teach them folk

songs and dances, making arts and crafts and painting to encourage creativity among them.

The organisation has run many literacy initiatives for adults and children. A project in the slums of Delhi aims at making Delhi hundred percent literate.
